

As Geographers we will be:

- finding out about arable, livestock and dairy farms and the difference between them
- learning about the features of a farm and using a map to navigate around a fictional farm, as well as thinking about the differences between life in the country and life in a busy town
- thinking about local farming and how this differs from other areas of the world.

As Musicians we will be:

- using our voices expressively and creatively by singing songs and speaking chants and rhymes
- playing tuned and untuned instruments musically
- listening with concentration and understanding to a range of high-quality live and recorded music.

As Sportspeople we will be learning to:

- master athletics skills such as throwing for distance and accuracy, jumping for height and distance, agility and sprinting
- perform dances using simple movement patterns to learn routines
- master basic swimming strokes (second half term).

PIXIES CLASS CURRICULUM LEAFLET

**SUMMER TERM
2018**

As Scientists we will be:

- identifying and naming a variety of common wild and garden plants, including deciduous and evergreen trees
- becoming familiar with plant structures including leaves, flowers (blossom), petals, fruit, roots, bulb, seed, trunk, branches and stem
- identifying and describing the basic structure of a variety of common flowering plants, including trees
- observing and describing how seeds and bulbs grow into mature plants
- finding out and describing how plants need water, light and a suitable temperature to grow and stay healthy.

In Religious Education we will be talking about:

- special things in nature and the nature all around us
- looking after the natural world
- St Francis of Assisi and his relationship with things in nature.

In Computing we will be learning to:

- create and debug simple programs;
- use logical reasoning to predict the behaviour of simple programs.

As Design Technologists we will be:

- investigating and researching different products such as sandwiches and smoothies
- using the basic principles of a healthy and varied diet to prepare a picnic
- beginning to understand where food comes from.

As good citizens we will be:

- learning about what it means to follow a healthy lifestyle
- identifying a range of things which help to keep us healthy such as diet, keeping clean, exercise, etc.
- talking about feelings such as anxiety, anger and sadness and what to do with these feelings as part of a healthy lifestyle.
